REFRACTION SERVICES AND FEE

One of the most important parts of your eye exam today is the refraction.

A refraction is the process of determining your best corrected vision and if there is a need for corrective eyeglasses or contact lenses (additional fees apply). It is an essential part of the eye exam.

A refraction is NOT a covered service by Medicare of most medical insurance plans. These plans consider a refraction a "vision" service not a "medical" service.

Our office fee for a refraction is \$65.00 and this fee is collected at the time of service.

If you do not have the refraction on the day of your exam, you will not be able to receive your current eye glass prescription.

PATIENT ACKNOWLEDGEMENT

I have read the above information and understand that the refraction may be a non-covered service. I accept full financial responsibility for the cost of this service and understand it is due at the time of service. I understand that any co-payment, coinsurance or deductible I may have are separate from and not included in the refraction fee.

(By signing this you acknowledge that you understand our policy.)

We now offer an alternative for DILATION when having your eye exam.

We have a High Speed Camera (OPTOS) that takes a picture of the back of your eyes in several seconds, that will give the doctors the information they will need to complete your eye exam in half the time. Your vision will not be affected.

OPTOS (To replace dilation if a candidate)

Not all patients are a candidate for this procedure. **If you have a medical condition such as cataracts, glaucoma, diabetes, retinal issues, etc, you are NOT a candidate for the OPTOS.** If you are able to choose this option, there is an out-of-pocket expense of \$39.00 (this is not covered under insurance). Would you like this option if you are a candidate?

IF YOU CURRENTLY WEAR CONTACT LENSES

You have the option of having your contact lenses evaluation during your complete eye exam today. This service is not included in the exam but is a very important step in maintaining your eye health. One of our doctors will evaluate the fit of the lenses, the condition of the lenses and the change in the power of the lenses, if needed (the power is usually different than that of your glasses). Improper fit of the lenses can cause various problems including damage to your cornea. We will check to see if your lenses have any rips or tears and will check the cleanliness of the lenses.

If you do not have your contact lenses with you, we will be happy to re-schedule this evaluation for you at the check-out desk today.

The cost of this evaluation is \$50.00 and is not covered by most insurance companies.

_____ Yes, I do want a contact lens evaluation.

_____ No, I do not want a contact lens evaluation; therefore, I will not receive an updated Contact lens prescription.

_____ I do not wear contact lenses.

_____ If interested in a contact lens fitting, please be advised that this requires a separate appointment and fee.

VISION SERVICE PLAN MEMBERS

If you do not advise us of your VSP coverage prior to service, we are not obligated to submit your services after rendered as they require prior authorization.

As a Vision Service Plan (VSP) member, this contact lens evaluation fee is discounted at 15%.
